

I'm not robot!

Recommend it to anyone trying to learn or refresh their French. I made around 2000 flash cards just from this A1 level book (), I was so surprised to see how many basic words I had forgotten. If studying alone, having the "Guide pédagogique and corrigés" book with you is a must. Luckily I was also able to find the audio recordings, so I could do all the audio/phonétique exercises. The terminology pages at the end were fantastic to check if you missed anything. Thank you for putting so much work into it. I will go on to the next book when I have time.more Slideshare uses cookies to improve functionality and performance, and to provide you with relevant advertising.
